

## Nova Scotia Youth Corps Aboriginal Leadership Intern

<b>Position Title:</b>	Water Monitoring Mentor
<b>Location:</b>	Sydney, Nova Scotia
<b>Position Status:</b>	Temporary, 15 weeks [May 15, 2017 – August 25, 2017]
<b>Hours:</b>	Full-time [35 hours per week]
<b>Wage:</b>	<u>Minimum</u> \$13.25 per hour

Clean makes homes more [energy efficient](#), [restores streams & watersheds](#), [engages youth](#) on the environment, promotes [green transportation](#), mitigates the effects of [stormwater](#), helps communities reduce [waste](#), and contributes to public policy discussions.

That's [what](#) we do. [Why](#) we do it is to help create a more sustainable society in Atlantic Canada. We work for a clean climate & clean water, and, to help us get there, we foster, educate and support clean leaders in our communities.

Clean is a non-profit, non-governmental environment organization created in 1988 through an [Act of the Legislature](#) in Nova Scotia. However, we receive no core government funding. We run the charity through money raised for our many programs and projects, which can come from agencies, businesses, government departments, foundations and individual citizens.

You may know us as Clean Nova Scotia, but we work on projects in other parts of Atlantic Canada, throughout the traditional lands of the Mi'kmaq and Wolastoqiyik. That's why we say we're just *Clean*.

We are currently seeking a hardworking, dynamic and motivated individual to add to our Nova Scotia Youth Corps (Youth Corps) Aboriginal leadership team for summer 2017, who has a strong passion for people and the environment. Our approach is always collaborative and team oriented.

### Program Overview:

## Youth Corps

In Nova Scotia, more than half of our young people leave the province after graduation. But what if they were given the skills and opportunities to join a vibrant green economy here at home?

The Youth Corps wants to inspire, develop and nurture an interest in jobs that support a future-looking economy and a sustainable environment. By tapping into a student's journey mid-way through school, our training and internship program offers new green options in career path decisions – while giving young minds the tools they need for future success.

The Youth Corps builds connections between youth and local organizations to stimulate stewardship for the natural environment and support the emergence of young community leaders. This is accomplished by providing students with training and employment opportunities through paid work placements with community-based organizations. And our Aboriginal Leadership Program builds on the Youth Corps to focus on the needs of First Nations youth while bringing traditional indigenous knowledge into the program. Our goal at Clean is to help build that foundation on which students can build their careers, and grow into the thoughtful, creative policy-makers and CEOs of tomorrow.

Leadership interns will gain meaningful experience in:

- Project and event planning and coordination;
- Mentorship and supervision of staff and/or volunteers;
- Training and facilitation skills;
- Public outreach and communication;
- Networking and cross-cultural learning;
- Environmental issues, adaptations and best practices.

### **Position Overview:**

The community partner for this Summer Student Intern position through the Nova Scotia Youth Conservation Corps (Youth Corps) will be ACAP Cape Breton, reporting to Sarah Penney, Environmental Project Coordinator. In this position, you will be mainly responsible for helping to coordinate a volunteer water-monitoring program, recruit and train community volunteers, and perform assessment and restoration of stream habitat. The successful candidate needs to have enthusiasm for working outdoors in adverse weather conditions, be comfortable in and around water for extended periods of time and lifting and carrying heavy loads.

### **About the Community Partner:**

ACAP Cape Breton is a an environmental non-profit organization that offers the knowledge that Cape Bretoners need to make greener choices, and works directly on practical solutions that help protect and restore our natural environment. ACAP Cape Breton has been conducting conservation, restoration, and monitoring projects across the island for 25 years. We have done everything from stream restoration, to bat monitoring, to cleaning up illegal dumpsites. Through our education programs, we have helped people of all ages learn about conserving energy, saving water, and reducing pollution. Through ongoing environmental action and education, we hope to build a healthy and sustainable Cape Breton Island. We are located in Sydney, but work in locations across the island.

### **Duties and Responsibilities:**

- Installation of digger logs, deflectors, and other in-stream structures;
- Assisting with event planning and promotion;
- Promoting the volunteer water monitoring program to community members;
- Mentoring community volunteers and training them in sampling techniques;
- Assisting with stream habitat assessment activities, such as CABIN and electro-fishing;
- Assisting with culvert assessments;
- Installation of baffles, weirs, and chutes in culverts;
- Compilation, organization, and quality control of data.

### **Requirements/Qualifications:**

- One [1] year of university or college in a related field;
- Must be a Canadian citizen or legally entitled to work in Canada;
- Must be between the ages of 18 and 30;

- Must be a full-time student and intending to return to school in fall 2017;
- Must have reliable transportation and the ability to travel;
- Must possess excellent, written and oral communication skills;
- Is not a member of immediate family of community partner;
- Have an aptitude for safe work practices and the ability to multi-task in a busy work environment;
- Be able to work productively as part of a team while responding to feedback;
- Demonstrates interest in future employment in the environmental or 'green' sector is considered an asset;
- Willingness to work outdoors in various conditions;
- Good interpersonal skills;
- Able to do physically-demanding work;
- Ability to multi-task and prioritize;
- Current first aid & CPR or willingness to obtain;
- Willingness to work near water;
- Current valid driver's license with a clean driving abstract;
- Own vehicle will be considered an asset.

To apply, fill out the online application [here](#). After you click the 'submit' button, you will be directed to a page where you can upload your cover letter(s), resume, and letter of reference. You can also access that page directly by [clicking here](#) – note that your reference can also submit their letter on your behalf directly through that page. Your application will not be considered until we have received all of your application materials.

The deadline to apply is midnight, April 2<sup>nd</sup>, 2017. We appreciate all interest; however, only those selected for an interview will be contacted.

We are an equal opportunity employer; however, qualified self-identifying Aboriginal applicants will be given priority for this position.

*Clean is committed to Employment Equity and our goal is to be a diverse workforce that is representative at all job levels. We welcome applicants from Aboriginal People, Visible Minority Groups, Persons with Disabilities and Women in occupations of positions where they are under-represented. If you are a member of one of the equity groups, you are encouraged to self-identify on either your cover letter or resume.*
