

Idle-Free Fact Sheet

AN INITIATIVE OF **Clean**

Did you know?

? **Children are** the most **vulnerable** to health issues because they breathe faster and inhale more air per pound of body weight.

? Air pollution contributes to numerous **respiratory illnesses** such as asthma, heart disease and cancer.

? It is expected that **30,000 Canadians will die** prematurely each year due to chronic exposure to air pollution.

? Idling longer than 10 seconds **uses more fuel** than restarting your engine.

? If 1,000 Nova Scotians stopped idling by three minutes a day, they would **save 33,000 litres of fuel** and 75,000 kg of greenhouse gas emissions.

? The **best way** to warm up a vehicle is to **drive it**.

Do your part - turn off your engine.
