

## Make a Wind Turbine (pinwheel)

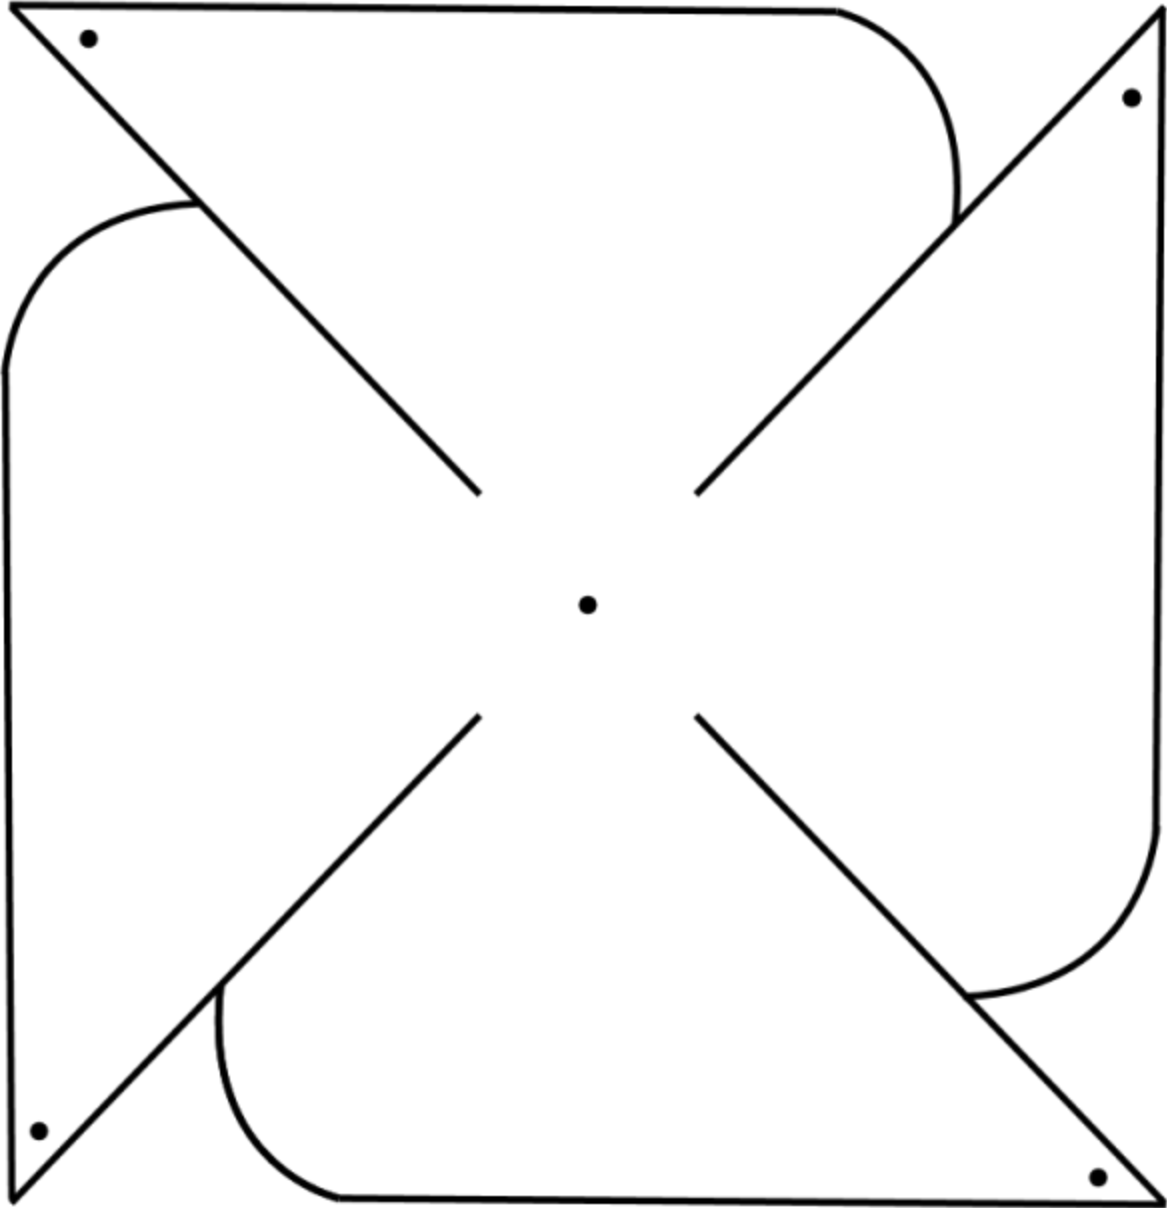

### Materials required:

- Scissors
- Markers (for decorating)
- Paper (8 ½ x 11)
- Paper straw, dowel or stick
- Pipe cleaner

### Description:

1. **Print the template and cut out the square**
2. **Cut along the diagonal lines**
3. **Poke holes in the center and in the corners**
4. **\*Optional\* Decorate your pinwheel**
5. **Fold the corners into the center**
6. **Push pipe through your holes and the corners**
7. **Wrap it around your straw**
